

# BPSI

boston psychoanalytic  
society & institute

The Academic year at BPSI is a busy time. There will be many nights, especially Thursday class nights, when parking may be a challenge. This information will alert you to the parking permit policies and procedures, as well as the **legal parking areas available to you**. The above map will help orient you to the exact locations mentioned.

Thank you in advance for your understanding and cooperation. The administrative staff is available to answer questions or address your concerns at any time.

### Parking at BPSI

- There is plenty of parking on the side and behind the building.
- “BPSI Reserved” spaces are open to all members, candidates, students, and BPSI guests.
- If you park behind the building there is a well-lit pathway to the front door. (Please note: you may enter the building only through the front door; the stair exit in the library is for emergency exit use only.)
- Parking along Herrick Circle is not permitted at any time. Herrick Circle runs behind the private residences downhill of BPSI and connects BPSI’s lower parking lot to Herrick Road. **BPSI cars found to be parked on Herrick Circle (beyond the No Parking sign and fire hydrant) will be towed.**
- There is what appears to be a small, angled parking space across the roadway from the fire hydrant where BPSI’s parking area leads to the private residences along Herrick Circle. **This is not a legal parking spot**; parking in this location impedes access to that fire hydrant and also reduces the space needed to safely exit from BPSI’s parking lot. **Cars found to be parked in that space will be towed.**
- Cars found to be parked illegally in handicapped or unmarked spaces **will be towed.**

### Parking on the Andover Newton Campus

- There is ample parking available the Andover Newton campus. Your BPSI parking permit is valid for all “permit parking” on the Andover Newton campus. Parking at Andover Newton without a BPSI parking pass puts you at the risk of being towed.
- Parking passes must be clearly visible, either hanging from the rearview mirror or easily seen on your car’s dashboard.
- There is no charge for the initial parking pass. Replacement passes, available for a small fee, may be obtained from Drew Brydon (dbrydon@bps.org or 617-266-0953 x105).
- Cars found to be parked illegally in handicapped or unmarked spaces are at the risk of being towed.

### Parking on the Hebrew College Campus

- Parking at Hebrew College is available on Thursday evenings, **ONLY** in their rear parking lot (see map). Be sure to display your BPSI parking tag, or you run the risk of being towed.
